Dr. Harry B. Friedgood

Dear Dr. Friedgood:

General Smith has asked me to acknowledge with thanks your letter of February 7th enclosing a memorandum on the Psycho-Military Aspects of Soviet Agression. Your letter would have been acknowledged sooner except that the General was away on a trip at the time of its receipt and the press of duties since his return has afforded him no opportunity to study your paper until today. He found it extremely interesting and profitable and has now passed it on to appropriate members of his staff for their information.

Your interest in this Agency and your thoughtfulness in bringing your study to the Director's attention is appreciated.

Sincerely,

Assistant to the Director
